Opening Our Doors

A Warm Welcome

We are thrilled to announce a significant milestone for our care home as we celebrate the arrival of our very first resident! The afternoon was filled with joy and excitement as we prepared to embrace this new chapter. We wish our resident all the happiness as she embarks on this journey with us, and we look forward to creating warm memories together in our new home.

Tasty Meals

Great Results!

In anticipation of our official opening, our talented chefs have been busy conducting trial runs for our lunchtime service, ensuring every detail is just right.

The photos from the tastings capture not only the beautiful presentation of each dish but also the delicious flavours that our chefs have crafted. We are incredibly grateful to our kitchen team for their hard work and dedication to providing meals that are not just nourishing, but also a delight to the senses.

Exclusive Preview Afternoon

Welcome Visitors

On September 19th, we hosted a special afternoon to showcase our luxurious care home to local professionals and community members. Guests enjoyed a guided tour, experiencing our beautiful facilities and amenities firsthand. The event culminated in our café, where attendees indulged in delicious canapés and refreshments prepared by our Head Chef. This gathering provided our team with a wonderful opportunity to connect with the local community, sharing stories about their businesses and upcoming projects. We are inspired by these interactions and look forward to incorporating some of their ideas into activities for our residents as well as planning exciting events for everyone to enjoy.

Introducing 'Nourish'

Always Improving

At Sandmere Care Home, our commitment to providing exceptional care and support to our residents remains our top priority. In line with this dedication, we are excited to introduce 'Nourish,' an award-winning digital care system that will enhance our person-centred approach to care.

Nourish is more than just software; it's a comprehensive tool that reflects our commitment to community and excellence in care. With its user-friendly interface, the system empowers our dedicated team to efficiently record, report, plan and coordinate care. Our carers will have handheld devices that resemble mobile phones, allowing them to document care in real-time, ensuring accuracy while maximising precious time to engage with residents.

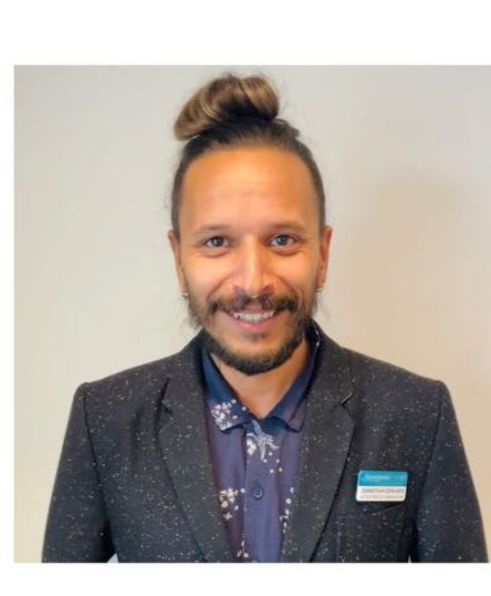

With Nourish, our care team will have real-time access to essential information, enabling them to make informed decisions that lead to enhanced care outcomes. By streamlining administrative tasks and ensuring secure record-keeping, we can focus on what matters most—delivering personalised, high-quality care tailored to the unique needs of each resident.

Meet The Team...

Staff Profiles

Meet John

We are excited to introduce John, our Lifestyles Lead at Sandmere Care Home! With nearly a decade of experience as an activities coordinator, John brings a wealth of knowledge to our community. His background in textiles and design, combined with his extensive experience in the care sector, makes him an exceptional fit for our activities and wellbeing role.

John has a unique talent for uplifting, inspiring and entertaining those in his care through a blend of art therapy and mental wellness techniques. We are confident that he will create engaging and enjoyable experiences for our residents.

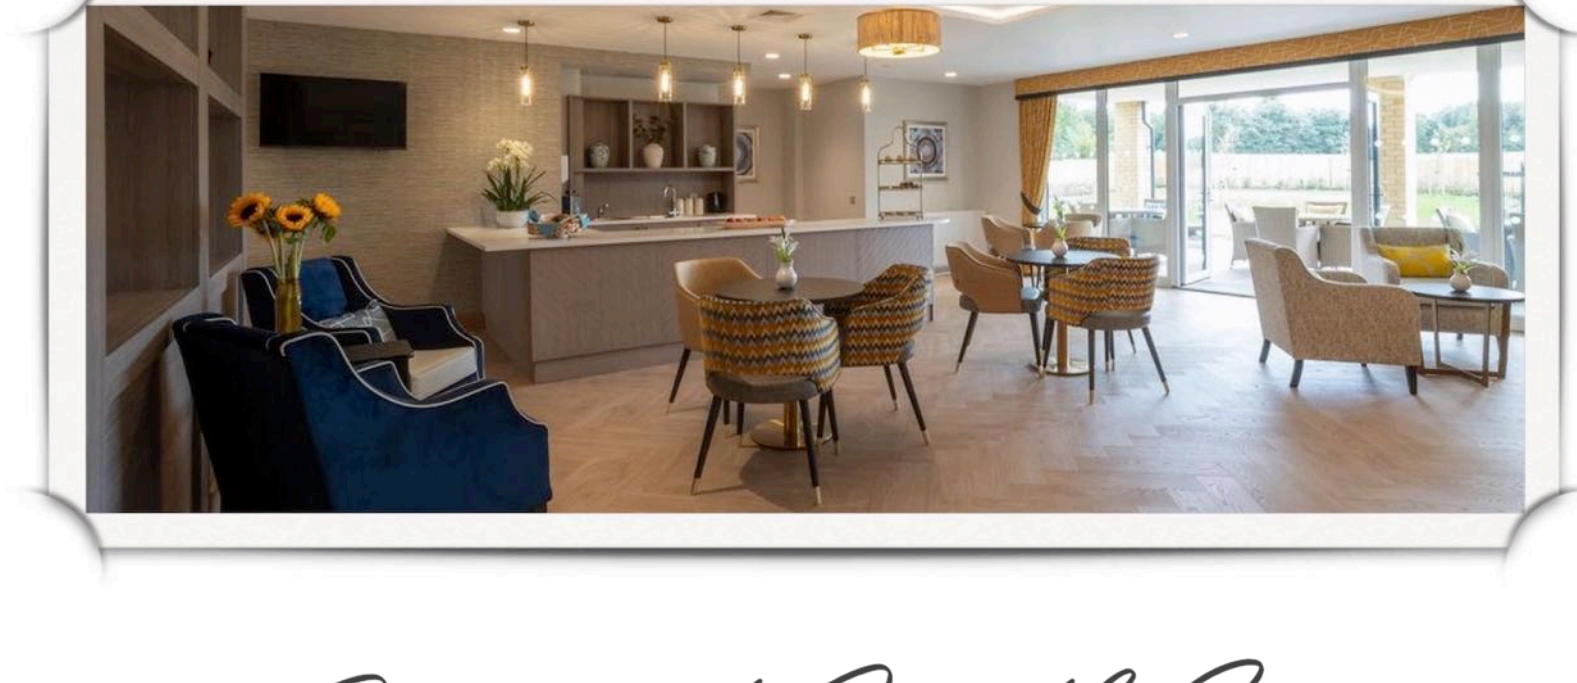

Meet Frank

Say hello to our beloved home dog, Frank! He is on duty and prepared to extend his warm welcome to everyone who walks through the door. Frank is not just any dog; he is a registered Pets As Therapy dog and will be spending several days a week with us to share his love and companionship.

We know that many residents will find joy and comfort in his presence, and we look forward to the happiness he will bring to our care home.
